

THE LAST BAPHL

Time travelers from the very last BAPHL (year unknown) have arrived! They scoff at the backwards, traditional anniversary gifts that you've already received, but they do have one more gift to bring – if you can solve the last puzzle, of course. You get the sense you need to brush up on your BAPHL history.

Puzzles are sorted by BAPHL hunt number, and puzzle answers corresponding to traditional anniversary gifts must be entered in reverse. Then index into each answer with the number of the anniversary (e.g. Xth anniversary), and take the final letter.
