BAPHL 14 – Anomaly (2015 – 2016) SOLUTION

The five round answers are, in no particular order:

```
EGGCUSTARD
DINOSAUR
OPERACLOAK
DYNAMO
DEADWOOD
```

Each answer contains exactly one two-letter state abbreviation, and will fit in the blanks as long as that two letter abbreviation is treated as a single "character":

```
(DE)ADWOOD
OPERACLO(AK)
EGGCUST(AR)D
D(IN)OSAUR
DYNA(MO)
```

Next, you'll need to look at the **incorrect US Map in the reference sheet**, as hinted by the star icon. The corresponding capitals are:

```
Bridgeville, DE
Anchorage, AK
Pine Bluff, AR
Fishers, IN
St Peters, MO
```

Finally, use the position of the star to index into the capital name to get the answer **BEFIT**.
