

DILATION

Is this a dream? This whole experience seems unusually stretched out...

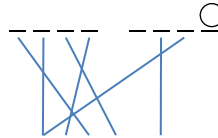

Make this long, frightening **phrase a little** briefer

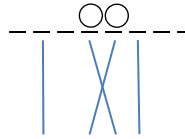

Screwed up and desperate times

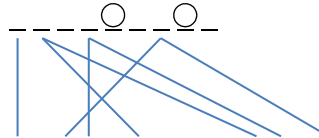

Cricket (brit., mainly)

A US President or tabby cat (oh, he hates Mondays!)

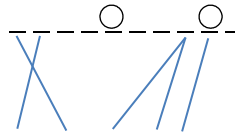

Document for one's political motivation, **code**, philosophy

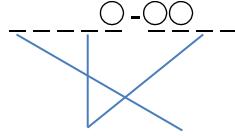

Enough seats for only five of six: a round in this event

Went down or up, **bouncing**

Couple of hours, tops

Chides or excoriates blatantly
