The Road Goes Ever On

Frodo

Present the hazard & password to this (or Anakin's) puzzle at checkpoint 3 for its remaining puzzles.

Help Frodo find the road to Mount Doom. The road is a path of orthogonally connected squares, never touching itself otherwise, even diagonally. The spaces in the road are numbered 1 to 34. Some numbers are already filled in. The numbers outside the grid tell how many spaces in the row or column are part of the road. Areas off the road may also be important.

	3			3			7	3
3	D		E		N		O	R	
		R			T		G		
1	**1**		A	D		I		A	**17**
		O		L		**11**	S		H
1	P			E				T	E
	34	N	O	R			J	O	
	D	E		I	U	A	O		D
2	E	T		L			M		
3	O		A	D	E	S	F
